EDUCATION

- **HSC BOARD**
  Crystal Public School – Rajkot
  <div align="right">2021 – 2022 │ Rajkot, India</div>

- **SSC BOARD**
  Crystal Public School – Rajkot
  <div align="right">2019 – 2020 │ Rajkot, india</div>

- **B.TECH in Computer Engineering**
  Dharmsinh Desai University - Nadiad
  <div align="right">2022 – 2026 │ Nadiad, India</div>

PROJECTS

- **Nirbhaya 24x7 (Working)** 🔗

  Tech : Dart and Flutter
  "Nirbhaya 24x7" is a mobile app providing women with safety features like real-time location tracking, emergency alerts, and access to local support services in a user-friendly, responsive design.

- **Job portal (Working)** 🔗

  o Tech : MERN(MongoDb ,Express ,React ,Node)
  A job portal allows users to search job listings, apply for positions, and manage profiles, utilizing a modern frontend and a Node.js backend for handling data and postings.

  o Tech : .NET and C#
  A Job Portal connects job seekers and employers, enabling profile creation, job searches, applications, and vacancy management, with SQL Server handling data management.

- **Organ Management System**
  Tech : Spring boot (Java)
  An Organ Management System streamlines the registration, tracking, and allocation of donated organs, ensuring efficient communication and coordination between donors, recipients, and healthcare providers.

- **Movie ticket booking**

  Tech : Html , CSS , Python (Django)
  A movie ticket booking system allows users to browse listings, select showtimes, and book tickets online, with Django handling authentication, booking, and database integration for tracking reservations.
